

VACCINE FRIDGE

MINUS40

B110/220H

B110 Vaccine Fridge

Minus40's Vaccine range was designed and developed to Global Health Cold Chain specifications and sponsored by the South African National Department of Health, together with independent testing done by the CSIR.

The B110/220H is ideal for storing vaccines and medicines that need reliable and stable conditions for full efficacy.

Minus40's Vaccine fridges are backed by the reputable and reliable Minus40 service warranty. An optional annual service agreement can be specified.
