

COLDSAVER FREEZER

MINUS40

C430CMF

C430CMF Coldsaver Freezer

These units are specially designed to run from a generator or in locations where mains power is unreliable. In addition, the 430 litre models have 120mm polyurethane insulation which is the highly rated for thermal insulation, low moisture-vapour permeability, high mechanical strength.

Minus40's units are backed by the reputable and reliable Minus40 service warranty. An optional annual service agreement can be specified.

Use

Ideal for rural hospitals, remote farms, hunting and safari camps and remote trading stores.

Energy Saver

Save on generator cost with the energy saving freezer that only requires 3 to 4 hours daily. Unique eutectic tanks 'hold the cold' when power is disrupted.

Clean

Environmentally friendly refrigerator that is CFC free

Exclusive

Minus40 design elements include interior and exterior surfaces built with Chromadeck for higher levels of hygiene protection and easy cleaning.

Recommended

Voltage stabilizer required to prevent premature compressor failure.

Refrigeration

Gross Capacity (Litres)	430
Temperature range	-25°C
Max Ambient Temperature	45°C

Dimensions

External (HxWxD)	900x1610x740
Weight (Kg)	180
Baskets (top)	6
Baskets (bottom)	4

Power Supply

Voltage (AC)	220V AC
Power(Max)	700W
Amps	3.3

"If it doesn't say MINUS40- It's not a MINUS40"
