## MINUS40

## MED60CLF

### MED60CLF Medical Freezer

The MED60CLF Medical Chest Freezer is specifically designed for modern hospital and pharmacy facilities to preserve medical products at tight temperature tolerances.

A digital controller is employed to maintain the freezer's set temperatures between 0°C and -40°C, while also featuring an audible alarm function if the temperature parameters are exceeded. The exterior casing and interior finish are made of stainless steel, providing enhanced hygiene functionality.

The MED60CLF is backed by the reputable and reliable Minus40 service warranty, and customers can also purchase optional maintenance contracts to ensure the extended longevity of their Minus40 Freezer.

### Specifications
